Year 4 PSHE Assessment: My Community

Learning objective: To understand what a community is, why we belong to one, and how to be a helpful member.

Read each question carefully. Use the word bank if you need help. Write your answers in the spaces provided.

A community is a group of people who live, work, or learn in the same place. It is like a big team. We belong to many communities, such as our school, our local town, or a sports club. Being part of a community means we look out for each other and show respect.
