Celebrating Remarkable Lives: Black History Month

Learning objective: To recognise and appreciate the achievements of significant historical figures and the importance of celebrating diversity and inclusion.

Read the facts below, colour in the illustration, and complete the labelling tasks to show what you have learned about these inspirational people.

Colour this: In the centre of the page, draw Ellie the elephant standing proudly. She is wearing a smart waistcoat and holding a large, open book titled 'Our History'. Standing next to her is a diverse group of children. One child is holding a golden torch high up, while another is holding a globe. In the background, draw a colourful, blooming garden filled with sunflowers and oak trees. Add a banner at the top that reads 'Celebrating Greatness' in clear, bold letters. Ensure the lines are thick and easy for children to colour in.

Steps:

1. Label the torch held by the figure in the picture, which represents how they helped 'light the way' for others.

2. Label the book held by Ellie the elephant, which represents the stories of history we are learning about.
