Exploring the World of L.S. Lowry

Learning objective: I can identify and describe the artistic style of L.S. Lowry and use his techniques in my own work.

About 15 minutes. Grown-up tip: Talk about the colours your child sees in the world around them today and which ones they would pick for their own palette.

Key Vocabulary

Read the vocabulary below to help you understand how Lowry painted. Look closely at the descriptions of his famous 'matchstick men' and industrial landscapes. Use these ideas to help you answer the questions. Example: If asked what 'Industrial' means, you would look at the category 'The Landscape' to find: 'Relating to factories, mills, and busy city work.'
