Zara’s Guide to Perfect Perspective

Learning objective: I can use perspective to make my drawings look 3D.

About 15 minutes. Grown-up tip: Encourage your child to look out a window and point to the horizon line where the sky meets the ground.

Key Vocabulary

Use these words to help you draw like a professional! Perspective helps us show distance on a flat piece of paper.

Worked Example: To show a road is long, draw it wide at the bottom of your page and narrow at the top. This is called a vanishing point.
