Zara's Cubism Art Flashcards

Learning objective: I can identify the main features of Pablo Picasso's artwork and understand the style called Cubism.

About 15 minutes. Grown-up tip: Ask your child to find shapes in household objects to help them understand how Picasso saw the world.

Read the term on the front of the card. Think about what you know about the artist, then flip to the back to check your answer. Example: If the card says 'Pablo Picasso', the answer is 'A famous Spanish artist known for painting in a style called Cubism.'

Who was Pablo Picasso?	**What is the name of the art style Picasso helped invent?**
A famous artist who changed how we look at shapes in paintings.	Cubism.
What shapes did Picasso often use to create his portraits?	**In a Cubist painting, can you see a face from one angle or many?**
Squares, triangles, and circles.	Many angles at the same time.
Did Picasso always paint things to look exactly like real life?	**What does it mean if a painting is 'abstract'?**
No, he liked to make them look abstract.	It does not try to look like a photograph.
Why did Picasso move an eye to the side of a face in a painting?	**What country was Pablo Picasso born in?**
To show different parts of the face all at once.	Spain.
Is Cubism a type of realistic or imaginative art?	**What tools might an artist use to create a Cubist painting?**
Imaginative art.	Pencils, paints, brushes, and paper.
