What a secure answer looks like

A secure answer demonstrates that the student has correctly matched the art terminology to the definitions provided in the word bank.

If your child is stuck

Ask the child to imagine they are taking a photograph of their favourite toy; ask them which part is closest to the camera and which part is the wall behind it.

Common mistakes to watch for

Children often confuse 'Foreground' and 'Background' by mixing up which is closest to the viewer, or they may confuse 'Composition' with the 'Subject' itself.
