Rosa's Body Part Challenge

Learning objective: I can identify and describe parts of the body in French.

About 15 minutes. Grown-up tip: Encourage your child to touch the body part as they say the French word out loud to help it stick in their memory.

Rosa the parrot is ready to help you learn! Look at the vocabulary list to help you match the French terms to the correct body parts. Remember to check for masculine (le) and feminine (la) articles. Example: 'Le bras' means 'the arm'.

Word bank: la tête (la TET) - head · le bras (luh BRAH) - arm · la main (la MAN) - hand · le pied (luh PYAY) - foot · la jambe (la ZHAMB) - leg · les yeux (lay ZYUH) - eyes · le nez (luh NAY) - nose · la bouche (la BOOSH) - mouth

1. Match the following French words to their English meanings: 1. la tête, 2. le pied, 3. la main. (3 marks)

2. Fill in the blanks: 'J'ai deux _____ (eyes) et un _____ (nose).' (2 marks)

3. Identify the odd one out from this list and explain why in English: le bras, la jambe, la tête, le pied. (2 marks)

4. Translate into French: 'The leg and the arm.' Remember to include the correct articles. (2 marks)

5. Write a short sentence in French describing one body part you have. (e.g., 'J'ai une bouche' - I have a mouth). (2 marks)

Draw: A friendly parrot named Rosa sitting on a branch holding a sign that says 'Le corps humain' (The human body) with simple labels pointing to a cartoon outline of a person.

Extension challenge: Can you add two more body parts to your list using a French dictionary or online tool? Write them down with their English meaning and pronunciation guide.

I did it! **Name: _____** **Date: _____**
