Ma Salle de Classe: Designing My Dream Classroom

Learning objective: I can identify and describe school items and subjects in French.

About 15 minutes. Grown-up tip: Encourage your child to say the French words out loud as they label their drawing to practice the pronunciation.

Today, you will design your ideal classroom in French. Follow the drawing prompt to create your scene. Label the items using the provided word bank. For example, if you draw a board, label it 'le tableau'. Use the sentences below to describe your room: 'Dans ma classe, il y a...' (In my classroom, there is...) and 'J'aime...' (I like...).

Draw: Create a detailed scene of a classroom. Include at least one teacher's desk, three student tables, a whiteboard on the wall, and school bags on the floor. Use a pencil to sketch the outlines and coloured pencils to add details like posters on the walls or books on the tables. Ensure all labels are written clearly in French next to the objects.

Label words: le tableau (luh tah-BLOH) - the whiteboard · la table (lah TAH-bluh) - the table · la chaise (lah SHEZ) - the chair · le sac (luh SAK) - the bag · le livre (luh LEE-vruh) - the book · les maths (lay MATS) - maths · l'art (lar) - art · la récréation (lah ray-kray-ah-SYON) - break time

Steps:

1. Draw a large whiteboard in the centre of your page. Label it with the correct French word from the word

bank.

2. Draw two chairs and a table. Label them using the articles 'la' or 'les'.

3. Translate this sentence into English: 'J'aime les maths.'

4. Write a French sentence using 'Il y a' to describe one item you have drawn in your classroom.

5. If you wanted to say 'I do not like art', how would you write it in French? (Hint: Use 'Je n'aime pas...').
