What a secure answer looks like

A secure learner will correctly identify all vocabulary terms and demonstrate an understanding of basic sentence structure in French. They should be able to link opinions to subjects using 'parce que'.

If your child is stuck

Encourage the child to say the words out loud, as the phonetic spelling provided in the word bank often helps them recognise the sounds from previous lessons.

Common mistakes to watch for

Children often confuse 'le français' (the subject) with 'la France' (the country), or mistake 'ennuyeux' for 'interesting' because it sounds similar to some English words.
