## What a secure answer looks like

A secure answer demonstrates an understanding of the specific French vocabulary for hours and quarters, correctly mapping them to the 12-hour clock face.

## If your child is stuck

Encourage the child to look at the word bank and identify the key numbers (e.g., 'huit' for eight) to help them match the phrase to the time.

## Common mistakes to watch for

Children often confuse 'quart' (quarter) with 'demie' (half), or struggle with the 'moins' (to) structure, thinking it means 'past' instead of 'to'.
