

My Wellbeing Toolkit: A Diary Entry with Nova the Owl

Learning objective: To identify ways to support mental health and recognise that everyone experiences a range of emotions.

Today, Nova the Owl has been learning about how our minds work. Just like our bodies need healthy food and exercise, our minds need care too. Think about how you have felt today and what helps you feel calm or happy. Use this diary entry to reflect on your day and your wellbeing.

Word bank: resilient · mindful · calm · emotions · support · kindness · gratitude · courage · peaceful
