

Staying Safe in the Digital World: A Guide by Kit the Fox

Learning objective: To understand how to stay safe online and know what to do if something makes you feel uncomfortable.

Use this writing frame to create your own Online Safety Guide. Follow the questions below to ensure you include all the important rules for staying safe on the internet.

Using the internet can be a brilliant way to learn new things and play games, but it is very important to remember how to stay safe whilst you are online.

Word bank: Furthermore · However · In addition · Private information · Password · Trusted adult · Responsible · Respectful · Cyber-safety

1. What are three examples of 'private information' that you should never share with anyone online? Start your sentence with: To protect my identity, I must keep these details private:... (3 marks)

2. Why is it important to have a strong password and keep it secret? Start your sentence with: A strong password is like a digital key because... (2 marks)

3. How should you treat other people when you are talking to them or playing games online? Start your sentence with: When I am online, I will always be kind by... (2 marks)

4. What should you do if you see something online that makes you feel worried, sad, or confused? Start your sentence with: If I ever feel uncomfortable while using the internet, I will immediately... (2 marks)

5. Who are the 'trusted adults' you can talk to if you have a problem online? Start your sentence with: I know I can talk to these adults if I have any concerns:... (2 marks)

Extension challenge: Design a 'Digital Safety Poster' to display in your classroom. Include a catchy slogan and three golden rules for your classmates to follow when using tablets or computers.
