

# Rosa's Body Parts Flashcards

*Learning objective: To identify and recall names of body parts in French, following the Year 4 curriculum.*

Rosa the parrot wants to help you learn your body parts in French! Use these flashcards to practise your vocabulary. You can cut them out and test yourself, or ask a partner to read the front while you guess the French word.

|                                                      |                                                                                        |
|------------------------------------------------------|----------------------------------------------------------------------------------------|
| <b>Head</b><br>la tête                               | <b>Eyes</b><br>les yeux                                                                |
| <b>Nose</b><br>le nez                                | <b>Mouth</b><br>la bouche                                                              |
| <b>Ears</b><br>les oreilles                          | <b>Arms</b><br>les bras                                                                |
| <b>Hands</b><br>les mains                            | <b>Legs</b><br>les jambes                                                              |
| <b>Feet</b><br>les pieds                             | <b>Body</b><br>le corps                                                                |
| <b>Which French word means 'the nose'?</b><br>le nez | <b>If you are pointing to your feet, which word do you say in French?</b><br>les pieds |
