

Max's Spooky Maths Calculations

Get your brain buzzing like a bat! Use your maths powers to solve these eerie equations.

- Max the monkey bought 8 packs of spooky spider stickers for £4 each. What is the total cost?
- There are 42 glow-in-the-dark ghosts to be shared equally between 6 party bags. How many ghosts go in each bag?
- A witch's broomstick costs £12.50. If you pay with a £20 note, how much change should you receive?
- If a bat flies 9 metres every second, how far will it travel in 12 seconds?
- Zara the zebra has 100 pumpkin seeds. She plants 4 seeds in each pot. How many pots does she need?

Did you know? Did you know? In the UK, pumpkins are part of the squash family. If you weigh a pumpkin at 4kg and another at 3kg, you have a combined mass of 7kg. That is a lot of pumpkin pie!
