

Creating a Magical Story Scene

Learning objective: To describe and illustrate key elements of a story.

Use your imagination to draw a magical story scene, thinking about characters, setting and plot.

Draw: Draw a magical story scene with a main character, a background and special objects or items. Think about the setting and plot of your story. Use bright colors and include details that bring your scene to life.

Steps:

1. Draw a character from your story and include their face, arms and legs. What are they wearing?
2. Add a background to your scene. What type of landscape do you have? Label the mountains, village or trees.
3. Include some objects or items that are important to your story. What are they and why are they there?
4. Draw a special moment or event from your story. What is happening and how do the characters look?
5. Add some words or phrases to your scene to describe what is happening. Choose words from the word bank.
6. Draw a title for your story. What are the main characters and what is the story about?

7. Imagine you are reading your story to someone. What would you say to describe the scene you have drawn?
