

Rosa's Rainbow Adventure: French Colors

Learning objective: To identify and use common French color vocabulary to describe objects.

Read the short story below to see how Rosa the parrot describes her colorful forest home. Then, use the word bank to help you answer the questions. Remember to check your spelling carefully!

Bonjour! I am Rosa. Today, I am flying through the forest to see all the beautiful colors. First, I see a bright jaune sun high in the sky. Below, the leaves on the trees are a deep vert. I spot a juicy rouge apple on a branch and a lovely violet flower growing near the stream. When the clouds appear, they are soft and blanc, but the shadows underneath are dark and noir. The sky above the ocean is a sparkling bleu, and I love to watch the sunset turn the horizon a glowing orange. It is a very colorful world!
