

Max's Rounding Adventure

Learning objective: To round any number to the nearest 10, 100, or 1000, and understand the rules of rounding.

Use these flashcards to test your knowledge of rounding numbers. Flip the card to check if your answer matches Max the Monkey's rounding rules!

What is the rule for rounding if the digit to the right is 0, 1, 2, 3, or 4?

Round down (the digit stays the same).

What is the rule for rounding if the digit to the right is 5, 6, 7, 8, or 9?

Round up (the digit increases by 1).

Round 43 to the nearest 10.

40

Round 67 to the nearest 10.

70
