

Mastering Magic Instructions with Max the Monkey

Follow the steps to success: Write it clear, keep it near!

- **1. What is an imperative verb? It is a 'bossy' word that tells you what to do, like 'mix', 'pour', or 'fold'.**
- **2. Why do we use numbers? Numbers show the chronological order so you know exactly which step comes first, second, and last.**
- **3. What is an equipment list? This is a list of all the items you need to gather before you start your task.**
- **4. How do adverbs help? Adverbs describe how to do the action, such as 'stir slowly' or 'press gently'.**
- **5. Why are bullet points useful? We use bullet points to make our list of equipment easy to read at a quick glance.**

Did you know? Did you know? Instructions are like a map for your hands! Whether you are baking a cake or building a robot, instructions help you reach the goal without getting lost along the way.

Key vocabulary: Imperative verbs · Chronological order · Adverbs · Bullet points · Numbered steps · Equipment
