

Pip's Reading Adventure

Learning objective: To identify and label features of a book whilst developing fine motor skills through colouring.

Read the fun facts about books with your teacher. Colour in the picture of Pip the caterpillar reading a story. Then, use the labels to identify the parts of the book shown in the picture.

Colour this: A large, friendly cartoon caterpillar named Pip wearing round glasses, sitting on a comfy leaf. Pip is holding a large, open storybook. The scene includes thick, clear outlines suitable for colouring. The book is open, showing two pages with simple 'lines' representing text. There is a clear front cover visible on the book. Surrounding Pip are a few large, soft-edged mushrooms and a bright sun in the corner to colour in.

Steps:

1. Label the front cover of the book in your picture.
2. Label the pages of the book in your picture.
