

Pip the Bookworm's Library Adventure

Learning objective: To engage with reading materials through visual representation and identify key features of a story setting.

Read the fun facts about books, then colour in the scene. Use your best colours to bring Pip's library to life!

Colour this: A large, friendly caterpillar named Pip wearing small round glasses. Pip is sitting on a fluffy cushion inside a cosy library. Pip is holding a long, thin bookmark in one of many hands. Surrounding Pip are tall, arched wooden bookshelves filled with thick, rectangular books. On the table next to Pip is a small, steaming mug of cocoa and an open book with visible pages. Include a large, bright window in the background showing a crescent moon and stars outside. The lines should be bold and clear, suitable for colouring.

Steps:

1. Label the bookmark Pip is holding in your picture.
2. Label the stack of books on the shelf in your picture.
