

Pip's Magical Story Corner

Open a book and let your imagination take flight!

- The beginning of a story introduces us to the characters and where they live.
- The middle of a story is where the characters go on a big adventure or solve a problem.
- The end of a story tells us how the adventure finishes and how the characters feel.
- An author is the person who writes the words in the book.
- An illustrator is the clever person who draws the beautiful pictures for the story.

Did you know? Did you know that every story you read is made of words that Pip the caterpillar has collected? Pip loves to find new words in books and store them safely to help authors write wonderful new adventures for us to enjoy!
