- **An adjective is a word that describes a noun, like a 'glistening' river or a 'courageous' lion.**
- **Synonyms are words that have the same or similar meanings, helping you avoid repeating the same word too often.**
- **Antonyms are words that are opposites, such as 'gigantic' and 'tiny', which help show contrast in your writing.**
- **Using ambitious vocabulary means choosing exciting words that help the reader imagine exactly what is happening.**
- **A thesaurus is a brilliant tool that acts like a treasure map to help you find the perfect synonym.**

Did you know? Did you know? The English language has over 170,000 words in current use! Pip the Bookworm loves to collect them like shiny pebbles. Using a different word instead of 'good' or 'nice' can change the whole mood of your story.
