

A World Book Day Adventure

Learning objective: To engage with the theme of World Book Day through creative colouring and labelling key features of a reading scene.

Colour in the scene below to celebrate World Book Day. After you have finished your picture, use the labels to identify the items in the drawing.

Colour this: A large, friendly illustration featuring Pip the caterpillar sitting on a comfy, oversized garden leaf. Pip is wearing a tiny pair of reading glasses and holding a small open book with both hands. Surrounding Pip are three large, stackable books of different sizes to create a cosy reading corner. In the background, there is a gentle sun shining and a few simple flowers. The lines should be thick and clear, suitable for a 5-6 year old to colour within the shapes.

Steps:

1. Label the character in your picture.
2. Label the object that the character is reading.
