

Rosa's Weekly Planner

Learning objective: To recall and correctly spell the days of the week in French and understand their sequence.

Help Rosa the parrot organise her busy schedule! Use the word bank to label the seven colourful feathers on Rosa's tail. Each feather represents a different day of the week, starting with Monday.

Draw: Draw a large, cheerful parrot named Rosa in the centre of your page. Give her a long, beautiful tail with seven distinct, large feathers fanned out. In the middle of each feather, write one of the days of the week from the word bank in a clear, neat script, starting from the top feather as Monday (lundi) and working your way down to Sunday (dimanche). Add some bright colours to her wings and maybe a little book or a pencil in her beak!

Label words: lundi · mardi · mercredi · jeudi · vendredi · samedi · dimanche

Steps:

1. Write the French word for the day that comes after 'mardi'.
2. Which two days make up the 'le week-end' in France?
3. If today is 'lundi', what day is tomorrow in French?
4. Why do you think Rosa has seven feathers on her tail for this activity?
5. Translate 'dimanche' into English.
