

## Finn's South American Adventure Map

*Learning objective: To identify key geographical features and countries in South America.*

Finn the dolphin has been exploring the coastlines and rivers of South America. Use the word bank to correctly label the physical features and countries on your map below. Once you have labelled them, match the features to their correct description.

*Word bank: Amazon Rainforest · Andes Mountains · Brazil · Amazon River · Argentina · Pacific Ocean*

**1. 1. Which country, the largest in South America, is home to most of the Amazon Rainforest? (1 mark)**

**2. 2. Finn says: 'I am swimming along the longest river in South America.' Which river is he in? (1 mark)**

**3. 3. Describe the location of the Andes Mountains in relation to the rest of the continent. (2 marks)**

**4. 4. True or False: The Pacific Ocean is found to the east of South America. Explain your reasoning. (2 marks)**

**5. 5. If you travelled from Brazil to Argentina, in which compass direction would you be heading? (1 mark)**

**Draw: Draw a map of South America. Include a simple sketch of the Andes Mountains on the west coast and the Amazon River flowing through the middle of the continent.**

*Extension challenge: Research a traditional dish from an South American country. If the ingredients cost £4.50 for meat, £1.20 for vegetables, and £0.80 for spices, what is the total cost of the meal?*
