

Finn's Clean Ocean Adventure

Learning objective: To understand sustainability by identifying ways to keep our environment clean and protect marine life.

Welcome to the ocean! Today, Finn the dolphin is helping to keep the sea clean. Colour in the picture and talk about why it is important to pick up litter so it doesn't end up in our beautiful oceans.

Colour this: A large, friendly-looking dolphin named Finn swimming happily in the sea. In the foreground, there is a sandy beach with a colourful recycling bin. The scene includes simple shapes for children to colour: a bright sun, a few fluffy clouds, gentle rolling waves, and some colourful seashells on the sand. The outlines should be thick and clear, suitable for small hands to colour within the lines.

Steps:

1. Label the dolphin in your picture.
2. Label the bin where we should put our rubbish.
3. Label the waves in the ocean.
