

## Max the Monkey's Subtraction Station

*Learning objective: To subtract one-digit and two-digit numbers to 20, including zero, using concrete objects and pictorial representations.*

Max the Monkey is at the market! Help him solve these subtraction puzzles by drawing dots to represent the items, crossing out the ones he gives away, and writing the final number sentence. Follow the steps in each box to find the answer.

*Word bank: subtract · minus · take away · left · equals · difference · count back*

**1. Max has 12 bananas. He gives 4 to his friends. Draw 12 circles, cross out 4, and write the number sentence. (2 marks)**

---

---

---

**2. Max has £15 in his pocket. He spends £5 on a shiny apple. How many pounds does he have left? Show your working. (2 marks)**

---

---

---

**3. Max finds 18 colourful leaves. The wind blows 7 leaves away. How many leaves are left? Write the subtraction calculation. (2 marks)**

---

---

---

**4. Max has 10 peanuts. He eats 10 peanuts. How many are left? Explain your answer. (2 marks)**

---

---

---

**5. Create your own subtraction story for  $14 - 6 = 8$ . Draw your items and write a sentence about what is happening. (3 marks)**

---
