

Max's Busy Day: Learning About Time

Learning objective: To recognise and talk about the sequence of events and the use of clocks to measure time.

Look at the picture of Max the monkey. Colour in the different parts of his day, then answer the questions below to show how much you know about time!

Colour this: A friendly monkey named Max wearing a small vest, standing in the centre. Max is holding a large, round analogue clock with big, clear numbers and two hands. To the left of Max, draw a bright sun in the corner to show it is daytime. To the right of Max, draw a small table with a banana on it. The lines should be thick and bold, suitable for young children to colour. Include a garden background with simple flowers and a large tree.

Steps:

1. Label the clock in the picture.
2. Label the sun in the picture.
