

Staying Safe Online with Kit the Fox

Learning objective: To understand how to stay safe online, identify potential risks, and explain the importance of reporting concerns.

Use this writing frame to create a guide for younger students on how to navigate the internet safely. Think about what Kit the Fox would say about protecting your personal information and being kind to others online.

The internet is a wonderful place to learn and explore, but just like crossing a busy road, we must follow certain safety rules to stay protected.

Word bank: Privacy settings · Digital footprint · Cyberbullying · Personal information · Report and block · Furthermore · In addition · Consequently · On the other hand · Reliable sources

1. Introduction: Why is it important to stay safe online? Start by explaining that... (2 marks)

2. Personal Information: List three things that count as personal data. Explain why you should keep these private by writing... (3 marks)

3. Online Kindness: How should you treat others in chat rooms or games? Start your paragraph with... (2 marks)

4. What to do if worried: If you see something that makes you feel uncomfortable or upset, what steps should you take? Explain by writing... (3 marks)

5. Conclusion: Summarise your main message about online safety by writing... (2 marks)

Extension challenge: Imagine you are designing a digital 'Safety Shield' icon. Describe three rules you would print on the shield and explain why those specific rules are the most important for a Year 5 student.
