

Kit's Cyber-Smart Challenge

Learning objective: To identify online risks and understand how to stay safe, respectful, and responsible when using digital devices.

Help Kit the fox solve these digital dilemmas! Read each question carefully and choose the best way to stay safe online.

Answer Key: 1.C*, 2.True, 3.False, 4.Personal information, 5.B*, 6.True, 7.A*, 8.Block, 9.False, 10.B*.

Remember: If something online makes you feel worried or uncomfortable, tell a trusted adult immediately.

Word bank: Password · Cyberbullying · Privacy · Personal information · Report · Block · Trusted adult · Digital footprint

1. Kit is setting up a new account. Which of these is the safest password? A: 12345, B: Fox123, C: TheMoonIsBlue!9, D: KitFox (1 mark)

2. True or False: A digital footprint is a record of everything you do and leave behind when using the internet. (1 mark)

3. True or False: It is okay to share your home address or school name with someone you met only in an online game. (1 mark)

4. What do we call details like your full name, phone number, and where you live? (One-word answer) (1 mark)

5. If someone is being unkind to you online, what should you do first? A: Reply with a mean message, B: Tell a trusted adult, C: Keep it a secret, D: Delete your account (1 mark)

6. True or False: You should always check with a parent or teacher before downloading a new app or game. (1 mark)

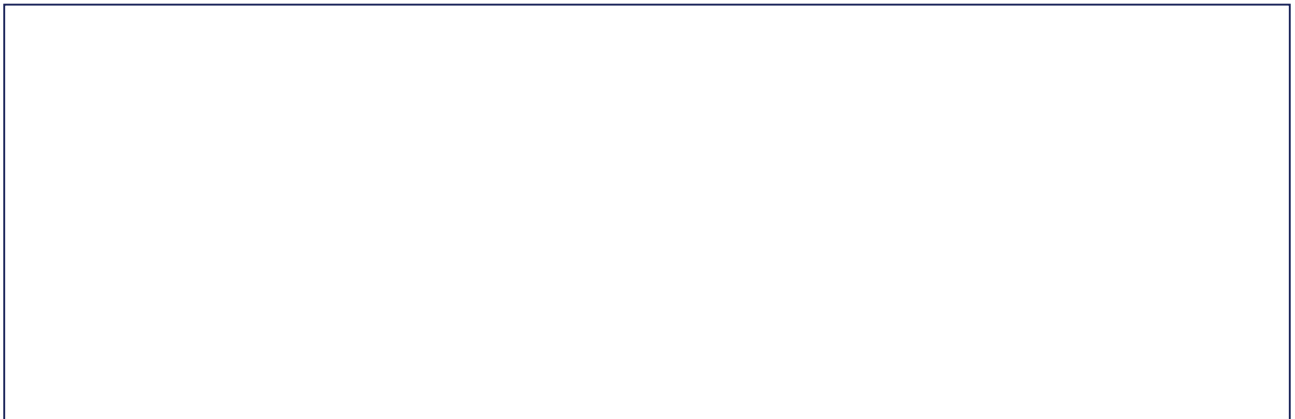

7. What does it mean to 'block' a user? A: Stop them from contacting you, B: Delete your own computer, C: Send them a friend request, D: Share their profile (1 mark)

8. If you see something online that makes you feel upset or worried, what button should you look for to alert the platform? (One-word answer) (1 mark)

9. True or False: Everything you read on the internet is always 100% true. (1 mark)

10. Which of these is a 'trusted adult'? A: A stranger online, B: A teacher or parent, C: An unknown player in a game, D: A social media influencer (1 mark)

Draw: Draw a poster showing Kit the fox wearing a 'Cyber-Hero' cape, holding a shield that lists three rules for staying safe online.

Extension challenge: 1. Explain why it is important to keep your passwords private, even from your best friends. 2. Compare and contrast how you behave in a physical playground versus an online gaming space. 3. Justify your answer: Why might it be dangerous to believe everything you see on the internet? 4. What might happen if you share personal information on a public forum? 5. Create a 'Digital Code of Conduct' with five rules for your class. 6. If you were designing a new social media app for children, what features would you add to make it the safest app in the world?
