Bonfire Night with Nova and Leo

Learning objective: To develop descriptive vocabulary and understand the history and safety of Bonfire Night.

Colour in the picture of Nova and Leo enjoying the fireworks. Read the facts about Bonfire Night and complete the labelling tasks below.

Colour this: A cosy night-time scene. In the centre, there is a large, crackling bonfire with logs stacked neatly. To the left, Nova the barn owl is perched on a wooden fence wearing a warm woolly scarf, looking up at the sky. To the right, Leo the lion is standing, also wrapped in a scarf, holding a sparkler safely at arm's length. Above them, the night sky is filled with large, star-shaped and circular fireworks with trailing sparkles. The ground has a few autumn leaves scattered around.

Steps:

1. Label the bright, colourful lights in the sky.
2. Label the large pile of wood that is burning.
