

A Magical Christmas Night with Pip

Learning objective: To use descriptive language and creative drawing to retell a festive story scene.

Read the scene description below. Use your imagination to draw the winter scene in the box provided, then use the word bank to label your picture.

Draw: In a large rectangular space, draw a snowy winter scene. In the centre, place a tall pine tree decorated with round baubles. Draw Pip the caterpillar standing near the tree wearing a bright, striped scarf. In the night sky above the tree, draw a large, glowing star. Use a wintery colour palette with blues, whites, and bright colours for the decorations.

Label words: star · snow · scarf · caterpillar · tree · bauble

Steps:

1. What is Pip the caterpillar wearing to keep warm in the snow?
2. Where is the bright star located in the story?
3. Why do you think the baubles are described as sparkling?
4. Draw a small present under the pine tree. What colour is it?
5. Write a sentence to describe how Pip feels on Christmas Eve.
