

Class 3 Assessment: The Magic of Figurative Language

Learning objective: To identify, explain, and use similes, metaphors, and personification in descriptive writing.

Read the sentences carefully. Use your knowledge of figurative language to answer the questions. Think about how authors use these tools to create vivid pictures in a reader's mind.

Max the monkey sat in the ancient oak tree. The branches were strong arms, hugging him tight against the wind. The wind whispered secrets through the leaves, sounding like a soft lullaby. Max felt as brave as a lion as he watched the sunset paint the sky in shades of orange and pink.
