

Following Instructions with Max the Monkey

Learning objective: To understand and identify the features of instructional writing.

Read the fun facts, colour in the scene, and label the parts of the instructions below.

Colour this: A large, clear sheet of paper pinned to a wooden board. At the top, in big bubble letters, it says 'Max's Smoothie Recipe'. Below this, there is a numbered list from 1 to 3. Beside the paper, Max the Monkey is holding a wooden spoon and looking excited. There is a bowl of fruit and a jug of milk on a table. The lines of the paper should be thick and bold to make them easy for a child to colour around, with plenty of white space for them to write the labels 'Title' and 'Numbered Steps' near the correct parts of the recipe.

Steps:

1. Label the 'Title' of the recipe in the picture.
2. Label the 'Numbered Steps' in the picture.
