

How to Make Something Amazing!

Follow the steps to reach the goal!

- Instructions use 'bossy verbs' like 'mix', 'cut', or 'fold' to tell us what action to take.
- Using words like 'first' and 'next' helps us keep our steps in the right order.
- An equipment list tells us which tools we need before we start our project.
- A good set of instructions is clear, short, and easy to follow.
- Always check the final step to make sure you have finished your task correctly!

Did you know? Did you know? Instructions are like a map made of words! They help us build towers, bake yummy treats, or play new games by showing us exactly what to do in order.

Key vocabulary: first · next · then · finally · ingredients · equipment · method
