

Ellie's Wonderful Local Social Studies / History Trail

Step into the past with Ellie the Elephant and discover the secrets of our town!

- Long ago, people travelled in horse-drawn carts instead of cars.
- Old buildings, like our library or school, help us see how the town has changed.
- We can look at old photographs to see what our street looked like in the past.
- Grandparents often have wonderful stories about the town from when they were little.
- Some shops used to sell items for just a few pennies, like 5p for a loaf of bread.

Did you know? Did you know? Ellie the Elephant has an amazing memory! She remembers how our town looked a long time ago. She says that every old building in our street has a story to tell about the people who lived here before us.
