

Max the Monkey's Shape Hunt

Learning objective: To identify, name, and describe common 2D shapes found in the environment.

Join Max the Monkey on a shape hunt! Look around your classroom or home to find objects that match the shapes listed below. Draw the object you found in the box and write its name next to it. Talk to your teacher or grown-up about how many sides and corners your shapes have.

Word bank: circle · square · rectangle · triangle · curved · straight · sides · corners

1. Find something that is a circle: Draw it here and tell me about its sides. (2 marks)

2. Find something that is a square: Draw it here and count the corners. (2 marks)

3. Find something that is a triangle: Draw it here and count the sides. (2 marks)

4. Find something that is a rectangle: Draw it here and describe its shape. (2 marks)

5. Max's Challenge: Can you find a shape with more than four sides? Draw it here! (2 marks)

Extension challenge: Look for patterns in your classroom that use these shapes. Can you find a shape hidden inside another shape?
