

Max the Monkey's Shape Safari

Learning objective: To identify, name, and draw 2D shapes in the environment.

Help Max the Monkey find the shapes hidden in the jungle! Look at the shapes in the word bank and draw them into the scene below to complete Max's map.

Draw: Create a simple line-art scene of a jungle with a large tree in the centre and a clear sky above. Leave empty spaces in the sky, on the tree, and on the ground for the child to draw their shapes. Use a clean, friendly, and bold drawing style suitable for early years learners.

Label words: Circle · Square · Triangle · Rectangle

Steps:

1. Draw a bright yellow circle to look like the sun in the sky.
2. Draw a brown square to be the base of Max's treehouse.
3. Draw a green triangle to be a leaf on the tree.
4. Draw a blue rectangle to be a small pond for Max to wash his hands in.
5. Which shape has three sides and three corners?
