A Kind Welcome: Learning about Church

Learning objective: To recognise that a church is a special place for Christians to gather and worship.

Look at the picture of the church building. Colour the stained glass windows with bright colours. Draw a flower in the garden near the door. Talk to an adult about why people go to a church.

Colour this: A friendly, simple line-art drawing of a small stone church with a tall steeple tower on one side. The church has a large arched wooden door in the centre and three large arched windows. One window shows a simple pattern of a cross inside. The scene includes a grassy path leading to the door, a small garden with three simple flowers, and a smiling sun in the corner of the sky. Ellie the elephant is standing near the path, wearing a polite bow, looking at the building with a gentle smile.

Steps:

1. Label the tall tower on the church.
2. Label the big wooden door where people enter.
