A Cosy Christmas with Pip and Leo

Learning objective: To develop fine motor skills through colouring and to learn about traditional seasonal celebrations in the UK.

Print this page out for the children to colour. Encourage them to use bright colours for the decorations and to carefully colour within the lines of the scene.

Colour this: A warm, festive living room scene. In the centre, there is a large, bushy Christmas tree with circular baubles and a star on top. Underneath the tree are two wrapped presents with bows. To the left, Pip the cheerful caterpillar is wearing a tiny woolly scarf and looking up at the tree. To the right, Leo the gentle lion is holding a sprig of holly and smiling. The outlines should be thick and clear for easy colouring. Include a cosy rug on the floor and a fireplace with a stocking hanging from the mantlepiece in the background.

Steps:

1. Label the star at the very top of the tree.
2. Label the gift box sitting on the floor.
