Springtime Fun with Bea the Bee

Learning objective: To learn about the signs of spring and the traditions of Easter while developing fine motor skills through colouring.

Welcome to the garden! Bea the honeybee is getting ready for spring. Colour the scene carefully. Once you have finished your beautiful artwork, label the parts of the garden as asked below.

Colour this: A large, friendly cartoon honeybee (Bea) with a smiling face, wearing a small sun hat, hovering in the centre. Surrounding her are three large, decorated Easter eggs with patterns like zig-zags, polka dots, and stripes. In the background, draw bright spring flowers like daffodils and tulips with thick outlines. There is a soft, fluffy cloud in the top corner and a small patch of grass at the bottom. Use bold, clear lines suitable for young children to colour within.

Steps:

1. Label the bee in your picture.
2. Label the flower in your picture.

3. Label the egg in your picture.
