Diwali: The Festival of Lights with Pip the Caterpillar

Learning objective: To introduce children to the Hindu festival of Diwali, focusing on the significance of light and celebration.

Colour in the beautiful patterns and the diya lamps. Talk to your teacher or parent about why people celebrate Diwali with lights.

Colour this: A friendly illustration of Pip the caterpillar wearing a small party hat, sitting next to three traditional clay diya lamps with flickering flames. In the background, there are large, beautiful Rangoli patterns on the floor featuring geometric shapes like circles, triangles, and flower petals. The lines should be bold and clear for young children to colour within.

Steps:

1. Label the diya lamp in your picture.
2. Label the flower pattern in your picture.
