# A Special Place to Visit

*Learning objective: To identify that people have special places where they go to think, pray, and learn about their beliefs.*

Look at the picture of the peaceful building. Colour in the beautiful windows and the tall door. Imagine you are visiting this special place with Ellie the Elephant. Talk to a friend about why this place is quiet and calm.

**Colour this: A friendly, simple line-art illustration of a welcoming building with a large arched wooden door in the centre and two tall, rounded windows on either side. Ellie the Elephant is standing to the left of the building wearing a small backpack. There is a soft, grassy path leading up to the door and a bright sun in the sky. The lines should be thick and clear for easy colouring by 3-5 year olds.**

## Steps:

1. Label the tall door in your picture.
2. Label one of the windows in your picture.
