

Talking to the World: Understanding Prayer with Nova

Learning objective: To understand that prayer is a way for people to talk to God, express thanks, or ask for help, and that different people may do this in different ways.

Read the questions carefully and talk to your teacher or grown-up about your thoughts. Write your answers or draw your ideas in the spaces provided.

Nova the owl loves to sit quietly under the stars and think about the big, beautiful world. Many people like to talk to God in a special way called prayer. Some people pray with their eyes closed, some hold their hands together, and some like to be very still and quiet. Prayer can be a way to say 'thank you' for the sunshine, or to ask for help when things feel tricky.
