

Rosa's Spanish Weekly Calendar

Learning objective: To learn and recall the days of the week in Spanish and understand their order.

Read the story below about Rosa the parrot and her busy week. Use the word bank to help you answer the questions about her schedule.

Hola! I am Rosa. I love to teach my friends new words. My week is always very busy. On lunes, I practise my singing. On martes, I help Max count his mangoes. On miércoles, I read stories with Pip. By jueves, I am ready to help Kit solve computer puzzles. On viernes, I visit Nova to look at the stars. Then, on sábado and domingo, I fly to the park to paint colourful patterns with Zara. It is a wonderful week!
