Rosa says: 'La fruta es tres libras.' What does this mean?

The fruit is three pounds (£3).

Explain why it is useful to know the phrase '¿Cuánto cuesta?' when visiting a market in Spain.

It allows a shopper to ask for the price of an item, enabling them to budget their money effectively.

Compare and contrast the words 'caro' and 'barato'. How might these influence a shopper's decision?

'Caro' means expensive and 'barato' means cheap. A shopper might choose to buy 'barato' items to save money or purchase more items for their budget.
