

Exploring Abstract Art with Zara the Zebra

Be bold, be brave, and paint your feelings with Zara!

- Abstract art focuses on shapes, lines, and colours instead of painting real-life objects.
- Artists use different colours to show how they feel, such as using blue for calm or red for excitement.
- You can create texture by using thick paint or by pressing different objects into your artwork.
- Abstract art does not have to be perfect; it is about your own creative choices.
- Zara the Zebra loves to find patterns in nature and use them to make her abstract paintings.

Did you know? Did you know? Abstract artists do not try to paint things exactly as they look in real life. Instead, they use bright colours and messy lines to share a mood or a feeling, just like a piece of music does!
