

Zara's Art Gallery: Discovering Vincent van Gogh

Grab your brushes and let's explore the colourful world of Van Gogh with Zara the Zebra!

- Vincent van Gogh used thick, swirling brushstrokes to make his paintings look like they were moving.
- He loved using vibrant colours like bright yellow and deep blue to show his feelings.
- Many of his most famous paintings are landscapes, showing fields, trees, and starry night skies.
- Van Gogh painted many self-portraits, which are pictures of himself, to practise his art skills.
- He wanted his art to capture the beauty of the natural world rather than just taking a realistic photograph.

Did you know? Did you know? Vincent van Gogh did not start painting until he was 27 years old! Even though he only painted for ten years, he created over 2,000 pieces of art.
