

Max's Kitchen Safety Challenge

Learning objective: To learn how to stay safe and hygienic when preparing food in the kitchen.

Help Max the monkey keep the kitchen clean. Read each question carefully. Use the word bank to help you complete your sentences.

Word bank: wash · soap · germs · separate · fridge · clean

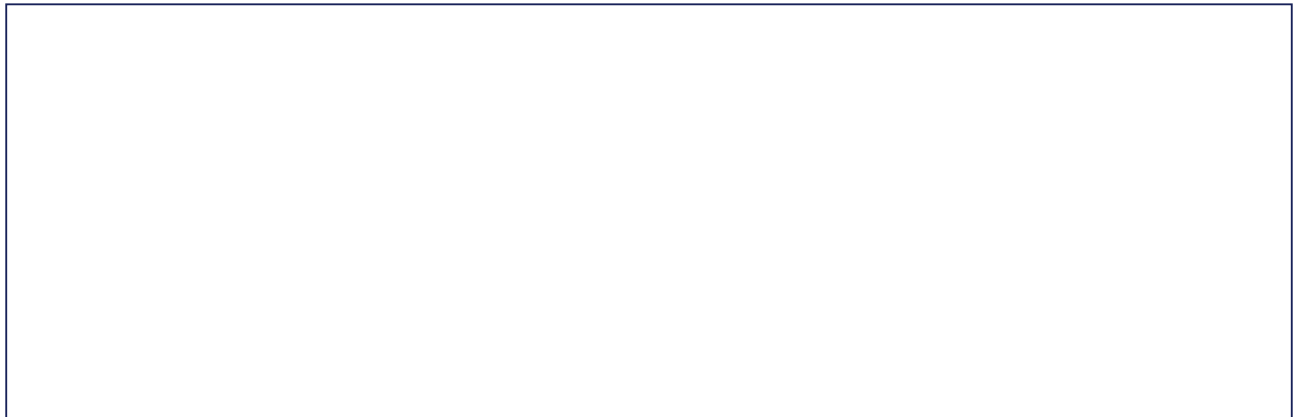

1. Max wants to start cooking. What is the first thing he must do to his hands? (2 marks)

2. Why do we use soap when we wash our hands? (2 marks)

3. Max has raw chicken and fresh lettuce. Why should he keep them apart on different boards? (2 marks)

4. Where should we keep cold food like milk and yoghurt to keep it fresh? (1 mark)

Draw: Draw a picture of a clean kitchen workspace. Include a sink, a bar of soap, and a clean towel.

Extension challenge: Max has £5.00 to buy food for a healthy snack. If an apple costs 50p, how many apples can he buy? Show your maths working out.
