

Pip's Favourite Story Review

Learning objective: To express preferences and opinions about a book by creating a simple review.

Colour in Pip the caterpillar and the giant open book. Write or draw a smiley face in the star to show how much you liked your favourite story!

Colour this: A large, friendly caterpillar named Pip wearing tiny round glasses, sitting on a soft leaf. In front of Pip is a very large, open book with blank pages waiting to be filled. Above the book, there is a large star shape for the child to colour. The background shows a peaceful garden setting with simple flowers and blades of grass. Use thick, clear outlines suitable for young children to colour.

Steps:

1. Label the character in the picture.
2. Draw a star in the box to show how many stars you would give your favourite book.
